ACADEMIC ENRICHMENT PROGRAMME

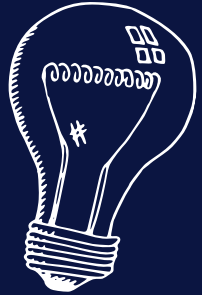

Academic Year 2023-24

CO-CURRICULAR CLUBS & ACTIVITIES

This booklet outlines the activities on offer for the year 2023-24. Activities are divided into different areas; Academic Enrichment and Clubs/Societies, Music, Performing Arts (Drama and Dance) and Sport, Health and Fitness. We encourage the pupils themselves to join clubs and societies throughout the year, they can do so via EduLink One.

Please note that there may be some changes to the details in this booklet, and if necessary further information will be communicated via staff who lead these activities.

Should you have any questions regarding our co-curricular clubs and activities, please contact Mrs J Neal, Deputy Headteacher (Curriculum) at head@kechg.org.uk.

WHY SHOULD YOU GET INVOLVED?

We aim to provide as varied curriculum beyond lessons as we can, so that our pupils not only have the pleasure of activity, but also find and develop essential skills which will help form a vital part of their adult lives. The varied co-curricular provision allows pupils to find their voice and push themselves to do things they never thought possible both inside and outside the classroom. At KECHG we believe that the lessons you learn when you step onto stage for the first time, climb a mountain you didn't think you could summit, debate a thorny issue or lead a choir, are as powerful as any lesson you learn in a classroom.

We encourage and actively support academic curiosity and debate. We also want our pupils to leave KECHG leading fulfilling, active lifestyles. From Animal Club to Guitar Ensemble, from EcoSoc to Learn Ancient Greek, there are a huge range of clubs, teams and societies for our pupils to get involved in. We want pupils to try things and love them, to listen and to lead. We want them to have ambition and to take hold of the opportunities on offer. We firmly believe that the co-curricular life of the school provides opportunities in abundance to help do this. We encourage pupils to embrace something new and to get involved!

CLUBS & SOCIETIES

CALM ROOM

All

Come along, chill out, chat to the Wellbeing Prefects.

BASKETBALL CLUB

All

Come along and get fit playing basketball.

Fixtures are arranged against other schools by Year.

HOMEWORK CLUB

All

Hang out in the library after school and complete your homework in a study environment.

ECOSOCIETY

All

The club for everyone interested in how they can look after planet Earth.

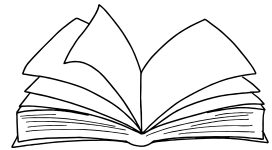

Reduce, reuse, recycle and more!

MEDICAL & DENTISTRY SOCIETY

Sixth Form

The place to find out all about working in the medical and dentistry fields.

LEGO CLUB

All

Have fun creating Lego Robotics creatures.

Competitions to be entered!

School Competitions and Fixtures		After School/Various		
Concert Orchestra		3.45PM	CHB	Mr Watters
Intermediate Orchestra		3.45PM	CHG	Mr Hay

ENRICHMENT WEEK

Enrichment Week takes place week beginning Monday 24th June 2024 and is an annual event at Camp Hill Girls. Students enjoy an amazing and varied programme of enrichment and extracurricular activities, aimed at encouraging personal skills away from the classroom.

KEY STAGE 3

In Year 7 students take part in STEAM workshops, XXXXXXXX They also have the opportunity to attend a residential trip with their peers. The purpose of the visit is to enable students to work on a variety of cross curricular group and teamwork activities all based at Condover Hall, Shropshire. At Condover Hall, fully trained and qualified instructors, with the support of school staff, provide instruction in a full programme of activities in a safe, controlled and secure environment. Students can also take part in the Bikeability scheme throughout the week.

In Year 8 there is daily activities to Dovedale to work on their team work and explore the outdoors. Students will also have the opportunity to attend creative writing classes, enjoy a murder mystery activity and attend an Apprenticeship lecture from our very own staff, to inspire and educate students on future careers, opportunities and pathways.

Year 9 students will take part in a range of activities throughout the week involving fashion design, the challenge carousel and an amazing opportunity to visit Oxford. Whilst in Oxford students will attend the Pitts River Museum, National History Museum and Keble College's Open Day. Later in the week students will add another fascinating museum to their repertoire with a trip to the National Memorial Arboretum.

KEY STAGE 4

Year 10 students will take part in a range of activities and experiences throughout their enrichment week. Starting with Careers Interviews, this will give students the experience of a real life interview, helping them perfect their communication skills. Students will attend Aston University with information on benefits and barriers to Higher Education and a tour of the University campus.

During the week there is a “pick and mix” day where students will have the choice to choose three sessions that they find interesting, ranging from musical theatre to willow weaving.

An exciting part of Year 10's enrichment week will be the organisation and running of the successful “Senior Citizen’s Party”. This involves inviting some of our local community into school and hosting a party. Students will be at the forefront of the planning and organisation of this event.

Finishing off the fulfilled week with an opportunity to visit Drayton Manor, a way to fight fears, enjoy some down time with peers and enjoy a well deserved, thrill seeking adventure.

KEY STAGE 5
